

Excerpt from Ivybridge Town Council “Bridge Newsletter”, July 2008

IVYBRIDGE “BAG FOR LIFE” NOW AVAILABLE!

The Town Council has been working with the PL:21 group to produce an Ivybridge “bag for life” to help in reduction of plastic bag usage in the town. A supply of bags will be available to purchase from the Watermark Information Centre from the beginning of July at the bargain price of £1.99. The Ivybridge bag is being produced for us by PLUSS Dragon Products who provide employment for people with disabilities and the bag itself is made from material off-cuts from Plymouth bed manufacturer Vi-Spring. A truly ethical product!

Thanks to the Paper Mill for allowing us to use a simplified version of their mill logo (as above).
